# INDEX

	PAGE		PAGE
<b>A<sup>2</sup>Σ — X<sup>2</sup>Σ</b> system of AlSe molecule ...	376	Activation energy : Longitudinal vibrational modes & the activation energy of self-diffusion ...	202
ac discharge : Effect of sonic irradiation on the discharge characteristics of an lf ac discharge ...	614	Adatoms : Photo-induced chemisorption energy for one & two adatoms ...	577
Ag Al : True potential energy curves, vibrational transition probability & <i>r</i> -centroids for diatomic AgAl molecule ...	463	ADGAONKAR, C. S. <i>see</i> Kher, V. G. ...	902
AgCl : Role of phonon phase & group velocities in thermal conductivity of AgCl ...	332	Adsorption : Specific adsorption of nitrogen on an evaporated nickel film ...	663
AlO : True potential energy curves, Franck-Condon factors & <i>r</i> -centroids for the C <sup>2</sup> Σ <sup>+</sup> — X <sup>2</sup> Σ <sup>+</sup> system of AlO ...	346	AGARWAL, M. D. : Debye temperatures of cubic A <sup>III</sup> B <sup>V</sup> & A <sup>II</sup> B <sup>VI</sup> semiconductors ...	838
AlSe : The A <sup>2</sup> Σ — X <sup>2</sup> Σ system of AlSe molecule ...	386	AGARWAL, R. K. <i>see</i> Srivastava, B. N. ...	84, 760
Ar : Spectra of Ar & (Ar, O <sub>2</sub> ) mixture excited by low-energy proton bombardment ...	296	AGARWAL, S. C. : Wide line NMR investigations on 2, 4, 6-tribromo aniline & phloroglucinol—structure & molecular reorientations ...	602
<sup>197</sup> Au : Internal conversion process of the 77 keV transition in <sup>197</sup> Au ...	78	AGARWAL, V. D. <i>see</i> Agarwal, S. C. ...	602
Au <sub>2</sub> molecule, bands of : True potential energy curves, <i>r</i> -centroids & Franck-Condon factors for the bands of the Au <sub>2</sub> molecule ...	69	<i>see</i> Banerjee, A. K. ...	538
AuBe : Franck-Condon factors & <i>r</i> -centroids for some bands of AuBe (B <sup>1/2</sup> Σ <sup>+</sup> → X <sup>2</sup> Σ <sup>+</sup> ) & AuH (B'Σ → X'Σ <sup>+</sup> ) systems ...	494	AGARWAL, S. K. <i>see</i> Borle, W. N. ...	315
AuH : Franck-Condon factors & <i>r</i> -centroids for some bands of AuBe (B <sup>2</sup> Σ <sup>+</sup> → X <sup>2</sup> Σ <sup>+</sup> ) & AuH (B'Σ <sup>+</sup> → X'Σ <sup>+</sup> ) systems ...	494	AGRAWAL, BAL K. <i>see</i> Tiwari, M. D. ...	332
Aberrations, primary : Primary aberrations of two-lens systems of reversed Ramsden & reversed Huygenian types ...	187	Alcohol, trichloro <i>tert</i> -butyl : Dielectric dispersion behaviour of 1, 1, 1-trichloro <i>tert</i> -butyl alcohol in benzene solution ...	693
Absolute zero : Grüneisen constant at absolute zero for alkali halides ...	167	Dielectric properties of chloro alcohols ...	526
Absorption : Electron spin resonance absorption in recrystallized free radical powders ...	737	Alkali halides : Grüneisen constant at absolute zero for alkali halides ...	167
A modified expression for evaluating the frequency of maximum absorption in dielectrics ...	65	Alkali hydride : Calculation of certain physical parameters of alkali hydride molecules using model potential functions ...	666
Room temperature absorption & thermal glow in KCl : TI ...	319	Alkali metal halides : Ratio of shell charges in alkali & noble metal halides ...	480
Absorption of sound : Equation of state & its relation to absorption of sound & thermal relaxation times in liquids ...	449	Alkaline earth oxides : Lattice dynamics of the alkaline earth oxides ...	774
Absorption spectrum (N-σ* transition) of piperidine in vapour phase ...	490	All-pass characteristics : Dual input networks realizing all-pass characteristics ...	169
Infrared absorption spectra of 2, 4-2, 6- & 3, 4-dichlorobenzaldehydes ...	545	Alloy junction transistors : Effect of magnetic field on the slope of 1/α <sub>cb</sub> versus T <sub>e</sub> curve of alloy junction transistors ...	402
Infrared absorption spectrum of isophthalaldehyde ...	570	Aluminium : Calculation of electronic band structure of aluminium, lead lithium, sodium & potassium ...	768
Acenaphthene : Electronic absorption spectra of acenaphthene - h <sub>10</sub> & acenaphthene - d <sub>10</sub> ...	305	Aluminium, neutron irradiated : Room temperature internal friction of neutron-irradiated aluminium ...	21
Acenaphthylene : Vibrational spectra of acenaphthylene, acenaphthene - h <sub>10</sub> & acenaphthene - d <sub>10</sub> ...	137	Amides : Mean square amplitudes & mean amplitudes for the in-plane vibrations of various linkages in tertiary amides and thioamides ...	753
Aceto-caprylo-, myristo : Dielectric relaxation in 2-hydroxy-5-methyl derivatives of aceto-caprylo-, myristo- & benzophenones ...	16	Aminobenzaldehydes : Vibrational spectra of <i>o</i> -, <i>m</i> - & <i>p</i> -aminobenzaldehydes ...	50
Acoustic attenuation : Effect of higher energy states (1s, 2s, 2p <sub>0</sub> ) on acoustic attenuation in <i>n</i> -Ge ...	245	Aminobenzotrifluoride : Infrared absorption spectrum of <i>m</i> -aminobenzotrifluoride ...	58
		Aminopyridines ; Hydrogen bonding of aminopyridines in chloroform solution ...	867
		AMMINI AMMA, R. : Infrared absorption spectrum of <i>m</i> -aminobenzotrifluoride ...	58
		<i>see</i> NAIR, K. P. R. ...	93, 168
		Ammonium stannichlorides : Thermal expansion potassium & ammonium stannichlorides ...	484
		Amplifier : A direct coupled current amplifier for measuring meg-megohm resistances ...	902
			905

	PAGE		PAGE
Amplitudes : Mean square amplitudes & mean amplitudes for the in-plane vibration of various linkages in tertiary amides & thioamides ...	753	Atoms, heavy : Discrepancy factors for crystals with two heavy atoms ...	672
Anderson-Grüneisen parameter : A note on the Anderson-Grüneisen parameters ...	475	Audio frequency discharge : Cathode fall of potential for audio frequency discharge excited between metal electrodes ...	631
Angular correlation : Study of the decay of $^{134}\text{Cs}$ by beta-gamma-gamma angular correlation measurements ...	585	Avalanche diode : An analytical expression for small-signal impedance of $p$ - $n$ -junction avalanche diode having unequal ionization rates & drift velocities for holes & electrons ...	192
Angular distribution : Angular distribution of D-D-neutrons in a $\text{Be} + \text{d}$ reaction ...	567	AVINASH CHANDRA <i>see</i> Vidya Ram ...	850
ANIL KUMAR : Effect of higher energy states ( $1s$ , $2s$ , $2p_0$ ) on acoustic attenuation in $n$ -Ge ...	245	AWWAD, Z. : Lifetimes of $2^+$ & $4^+$ states in $^{154}\text{Gd}$ ...	870
Photo-induced chemisorption energy for one & two adatoms ...	577	$B'\Sigma^+ \rightarrow X'\Sigma^+$ system : Franck-Condon factors & $r$ -centroids for some bands of $\text{AuBe}$ ( $B'\Sigma^+ \rightarrow X'\Sigma^+$ ) & $\text{AuH}$ ( $B'\Sigma^+ \rightarrow X'\Sigma^+$ ) systems ...	494
Aniline, 2, 4, 6-tribromo : Wide line NMR investigations on 2, 4, 6-tribromo aniline & phloroglucinol—Structure & molecular reorientations ...	602	( $B^2\Sigma - X^2\Sigma$ ) system : Einstein coefficients & oscillator strengths for $B^2\Sigma - X^2\Sigma$ system of YO molecule ...	167
ANJANEYA SASTRY, B. : ESR & optical absorption studies on some copper complexes in solutions ...	103	Variation of the electronic transition moment with internuclear distance & effective vibrational temperature in $B^2\Sigma - X^2\Sigma$ systems of YO molecule ...	87
ESR studies on tris-octamethylpyrophosphoramide complex of copper (II) perchlorate ...	633	$^9\text{Be}$ nuclei : Application of Steenberg's model to the scattering of $19.3 \text{ GeV/c}$ protons from $^9\text{Be}$ nuclei ...	26
ANSARI, B. J. : Electronic spectrum of $m$ -bromoisole vapour ...	392	$^9\text{Be}$ ( $\text{d}, \text{n}$ ) $^{10}\text{B}$ nuclear reaction : An investigation of the $^9\text{Be}$ ( $\text{d}, \text{n}$ ) $^{10}\text{B}$ nuclear reaction ...	200
Antenna arrays : Radiation from plane spiral & semi-circular arc antenna arrays for discrete radiators ...	624	$^9\text{Be} + \text{d}$ reaction : Angular distribution of D-D neutrons in $^9\text{Be} + \text{d}$ reaction ...	567
Antenna system : Electronically scannable narrow beam antenna system using isotropic plasma column having central conductor along the axis & excited by magnetic ring source ...	716	$\text{BeO}$ molecules: Dissociation energies of $\text{MgO}$ and $\text{BeO}$ molecules ...	401
Antenna tolerance theory : Study of different correlational variance functions in antenna tolerance theory : Part I—Expression for average gain function & power pattern ...	648	$\text{Bi}_2\text{Te}_3$ : Performance of $\text{PbTe}$ & $\text{Bi}_2\text{Te}_3$ as solar thermoelectric generator materials ...	36
Antimony sulphide : Optical properties of thin antimony sulphide films ...	356	BADAWY, O. E. <i>see</i> Awwad, Z. ...	870
Argon : Study of $\text{C}_2$ Swan bands from a discharge through argon + trace benzene ...	890	BADRI RAI : Dissociation energies of $\text{MgO}$ & $\text{BeO}$ molecules ...	401
Aromatic compounds : Dielectric relaxation in heterogeneous aromatic compounds in dilute solutions ...	690	BADRINARAYANAN, S. : Isotope effect for the diffusion of cobalt in copper ...	512
Aromatic hydrocarbons : Calculation of bond lengths in aromatic hydrocarbons using tight-binding & intra-ring approximations ...	563	BAL KRISHNA: A simplified version of IOC- $\omega$ technique ...	481
Aromatic molecules : Nature of isotopic shifts of the electronic origins & ring vibrations in aromatic molecules ...	75	<i>see</i> Srivastava, A. K. ...	627
ARORA, V. P. <i>see</i> Chattopadhyaya, S. K. ...	808	BALASUBRAMANIAN, S. : Exact solvability of the time-dependent Schrodinger equation ...	409
ARUN KUMAR : Microwave conductivity & permittivity in germanium, silicon & gallium arsenide ...	740	BALASUBRAMANIAN, V. <i>see</i> Ramaswamy, K. ...	853
ARUN SINGH : Longitudinal vibrational modes & the activation energy of self-diffusion ...	202	BALIGA, B. B., <i>see</i> Chatterjee, M. B. ...	517
ASHOK, J., <i>see</i> Vetury, Ramakrishna Rao ...	844	BALIRAM PRASAD <i>see</i> Srivastava, R. S. ...	205
Association constants of pyrrole-pyridine & indole-pyridine systems by infrared intensity measurements ...	606	Band spectrum : Emission band spectrum of $\text{GeO}$ molecule ...	834
ASTHANA, B. P. : True potential energy curves, vibrational transition probability & $r$ -centroids for diatomic $\text{AgAl}$ molecule <i>see</i> Kushwaha, V. S. ...	463	BANDOPADHYAYA, T. K. : A modified expression for evaluating the frequency of maximum absorption in dielectrics ...	65
	346	BANERJEE, A. K. : NMR Study of phenanthrene ...	538
		BANERJEE, ASHISH KUMAR : A mathematical approach for the design of a linear temperature bridge ...	803
		BANSIGIR, K. G. <i>see</i> Chiranjivi, T. ...	167
		BARUAH, G. D. <i>see</i> Nath, S. ...	490
		<i>see</i> Rai, S. N. ...	590
		Electronic absorption spectra of acenaphthene- $h_{10}$ & acenaphthene- $d_{10}$ ...	305
		Electronic spectra of 2, 3-2,5- & 3,5-dimethyl-phenols ...	322

# INDEX

	PAGE		PAGE
Nature of isotopic shifts of the electronic origins & ring vibrations in aromatic molecules ... ..	75	BHATNAGAR, S. N. : Conduction mechanism in sugarcane wax subjected to high electric fields & different temperatures ...	360
Raman & infrared spectra of 2, 4 & 2, 6-dimethyl-phenols ... ..	302	Heterocharge mechanism in sugarcane wax electrets from dielectric studies ...	272
Vibrational spectra of acenaphthylene, acenaphthene- <i>h</i> <sub>10</sub> & acenaphthene- <i>d</i> <sub>10</sub> ...	137	BHATTACHARYA, A. K. : Electronic states of one-dimensional disordered systems ...	253
BASU, B. N. : Second harmonic generation using non-linear interaction between a modulated electron beam & a collisionless plasma ... ..	64	BHATTACHARYYA, D. L. <i>see</i> Bose, S. K. ...	21, 468
BASU, J. <i>see</i> Maiti, J. N. ... ..	698	<i>see</i> Pratap, R. ... ..	816
BASU, S. <i>see</i> Das Gupta, A. ... ..	575	BHATTACHARYYA, D. P. <i>see</i> De, A. K. ...	326
Large-scale periodic disturbances in the ionosphere ... ..	164	BHATTACHARYYA, P. C. <i>see</i> De, A. K. ...	326
Beacon : Faraday fading rate of beacon satellite transmissions across an off-zenith transverse point ... ..	575	BHATTACHARYYA, P. K. <i>see</i> Singh, S. N. ...	486
BEHARI, J. : A new logarithmic form of potential function for the exchange interaction in solidified noble gases ...	705	BHAWALKAR, D. D. <i>see</i> Bhatnagar, R. ...	569
Benzene : On the $\sigma$ - $\pi$ separability in substituted benzenes ... ..	565	<i>see</i> Lalitha Pandit ... ..	487
Study of C <sub>2</sub> Swan bands from a discharge through argon + trace benzene ...	890	BHAWALKAR, D. R. <i>see</i> Gupta, V. K. ...	878
Wavefunctions, Lande & spin-orbit splitting co-efficients for certain Ni <sup>2+</sup> -complexes of benzene 1, 3- & 1, 4-diamines	497	BHIDAY, M. R. : Cathode fall of potential for audio frequency discharge excited between metal electrodes ... ..	631
Dielectric dispersion behaviour of 1, 1, 1-trichloro- <i>tert</i> -butyl alcohol in benzene solution ... ..	693	BHUILE, V. V. : Hydrogen bonding of aminopyridines in chloroform solution ...	867
Benzenes, substituted : Electronic correlation in excited states of substituted benzenes	67	BHUSHAN, J. : Sine drive for grating monochromators ... ..	48
Benzoic acid : Electric dipole moment and hydrogen bonding in benzoic acid ...	536	BHUTANI, K. K. <i>see</i> Ghosh, S. N. ... ..	296
Molecular orbital calculations on phthalic & benzoic acids ... ..	771	Binary encounter theory : On the velocity distribution of the bound electron in the classical impulse approximation of binary encounter theory ... ..	185
Benzophenones : Dielectric relaxation in 2-hydroxy-5-methyl derivatives of acetocaprylo-, myristo- & benzophenones ...	16	Binary mixtures : Ultrasonic study of volume viscosity & structure of binary mixtures of water & heavy water ... ..	742
<i>p</i> -Benzoquinone : Electronic conduction mechanism in organic molecular crystals : <i>p</i> -benzoquinone & <i>p</i> -chloranil ... ..	263	Binding energy : Dependence of the sensitivity of nuclear matter binding energy to the high energy phase shifts on the range of force ... ..	583
Benzylamine : Near ultraviolet absorption spectrum of benzylamine ... ..	321	BISHUI, P. K. : Vibrational spectra of 2, 6, dichloroaniline ... ..	637
Beta decay : Determination of half-life of <sup>14</sup> O & value of beta decay coupling constant G <sub>v</sub> ... ..	289	Bismuth : Effect of temperature on the delamination of dislocations in bismuth ...	84
Beta-gamma-gamma angular correlation: Study of the decay of <sup>134</sup> Cs by beta-gamma-gamma angular correlation measurements	585	Bismuth activator : Decay characteristics of CaS : Bi : Pa Phosphors ... ..	617
BHARGAVA, D. C. <i>see</i> Gupta, D. R. ... ..	756	BISWAS, B. N. : New technique of injection synchronization-pseudoindirect synchronization ... ..	83
BHARGAVA, S. K. <i>see</i> Krishna, B. ... ..	875	BISWAS, S. N. <i>see</i> Chakravarti, A. N. ...	128
BHASKARA RAO, A. Internal resistance of silicon solar cell ... ..	351	Bond lengths : Calculation of bond lengths in aromatic hydrocarbons using tight-binding & intra-ring approximations ...	563
Relation between curve power factor & conversion efficiency of a silicon solar cell <i>see</i> Prasad, S. ... ..	36	BONDYOPADHYAYA, R. <i>see</i> Paul, S. N. ...	438
Bhatia model : Lattice dynamics of hexagonal close packed metals using modified Bhatia model ... ..	669	BORLE, W. N. : A new growth form of silicon micro crystals grown from solution ...	317
BHATNAGAR, C. S. <i>see</i> Qureshi, M. S. ... ..	220	Growth twins in silicon crystals pulled from the melt ... ..	315
<i>see</i> Saxena, P. C. ... ..	39	BOSE, GAUTAM : Calculation & electronic band structure of aluminium, lead, lithium, sodium & potassium ... ..	768
BHATNAGAR, R. : Pulse transmission mode <i>q</i> -switched laser utilizing stimulated Raman scattering ... ..	569	BOSE, S. K. : Grain boundary viscosity in neutron-irradiated aluminium ... ..	468
		Room temperature internal friction of neutron-irradiated aluminium ... ..	21
		Bremsstrahlung radiation from the weakly ionized laboratory plasma ... ..	508
		Bromoanisole vapour : Electronic spectrum of <i>m</i> -bromoanisole vapour ... ..	392
		$\alpha$ -Bromonaphthalene : Vibrational spectra of $\alpha$ -bromo- & $\beta$ -chloronaphthalene molecules	885
		BROOKS, NEIL : Reduction of grating spectrograms ... ..	571
			907

	PAGE		PAGE
BURMAN, R. R. : Geodesics of an Einstein connection & the Lyttleton-Bondi electro-dynamics ... ..	63	CHAKRA PANI, G. : Crystal structure studies by NQR & temperature variation of NQR frequencies in 4,4'-dibromo-diphenyl ether	96
$C_2$ : Study of $C_2$ Swan bands from a discharge through argon + trace benzene ...	890	CHAKRABORTY, A. K. : Double pass Savart plate interferometry ... ..	551
$C_3$ system : Rotational structure of the $C_3$ system of SbF molecule ... ..	395	Optimization of performance of Twyman-Green interferometer ... ..	548
CaF : Potential energy curves & $r$ -centroids of CaF ... ..	709	Utilization of the signal flow graph in polarization optical studies ... ..	680
CaS : Bi phosphors : Effect of rare earth impurities on the emission characteristics of CaS : Bi phosphors ... ..	744	CHAKRAVARTI, A. K. <i>see</i> Rattan, I. ... ..	645
CaS : Bi : Fe phosphors : Emission characteristics of CaS : Bi : Fe phosphors ...	231	CHAKRAVARTI, A. N. : Current limitations & maximum stimulated output as functions of the laser length in solution-grown GaAs junction lasers operated continuously at 77°K ... ..	610
CaS : Bi : Pd Phosphors : Decay characteristics of CaS : Bi : Pd phosphors ... ..	617	Dependence of the power efficiency of CW (at 77°K) GaAs junction lasers on driving current & laser length ... ..	128
CGW type angular force : Phonon dispersion relations in silicon with the CGW type angular force model ... ..	777	Effect of longitudinal magnetic field on the power output of spontaneous emission from InSb junction lasers operated at very low temperatures ... ..	686
$C_2H_4O$ lines : Collision broadening of $C_2H_4O$ lines : Part III—Broadened by a quadrupolar molecule $CO_2$ ... ..	822	A method for determining the coefficient of superlinear dependence of gain on current density in $^{*}GaAs$ junction lasers	173
$^{109}Cd$ : Study of gamma ray spectrum of $^{109}Cd$ . ... ..	517	CHAKRAVORTY, S. <i>see</i> Chakraborty, A. K. ...	551
CdS : Electron microscopic study of ZnS, CdS & HgS crystals in relation to their polytypic growth ... ..	108	CHANDRASEKARAN, K. S. : A simple spectrometer for measuring X-ray integrated intensities ... ..	747
CoBr : Emission spectrum of CoBr in the visible region ... ..	389	CHANNAPPA, K. H. : Electron spin resonance of $VO^{2+}$ in $(NH_4)_2 SO_4$ ... ..	174
$^{134}Cs$ : Study of decay of $^{134}Cs$ by beta-gamma-gamma angular correlation measurements ... ..	585	<i>see</i> Leelavathi, H. ... ..	820
Cu activator : Existence of negative thermally stimulated current (TSC) in ZnS : Cu : Co & transient effect in ZnS : Cu : Co, O photoconductors ... ..	235	Charge anisotropy : Field & temperature effect of charge anisotropy of cubical thermoelectrets of perspex ... ..	471
CuAu alloy : Electrical resistivity in CuAu alloy ... ..	260	CHATTERJEE, C. L. <i>see</i> Sinha, S. P. ... ..	494
CuH molecule : True potential energy curve & dissociation energy of CuH molecule ...	168	CHATTERJEE, M. B. : Study of gamma-ray spectrum of $^{109}Cd$ ... ..	517
Cantilever : Torsional vibration of pre-twisted tapered cantilever beams treated by collocation method ... ..	459	CHATTERJEE, S. K. <i>see</i> Das Gupta, A. ... ..	575
Capacitative behaviour : Theory of capacitative behaviour of the gate-source junction of junction field effect transistor ...	712	<i>see</i> Girija, H. M. ... ..	794
Carboxylic acids : Temperature variation of ultrasonic velocity in ethyl esters of some carboxylic acids ... ..	314	CHATTERJEE, S. N. <i>see</i> Borle W. N. ... ..	315
CARNEGIE, W. <i>see</i> Rao, J. S. ... ..	459	CHATTOPADHYAYA, S. K. : Analysis of transistorized RC oscillators based on mixed feedback ... ..	140
$\beta$ -trans carotene : Spectroscopic investigation on the effect of gas adsorption on all-trans- $\beta$ carotene solid film ... ..	86	Current transfer rate of bipolar junction transistor ... ..	808
Cathode fall of potential for audio frequency discharge excited between metal electrodes	631	CHATURVEDI, S. N. : Optimum conditions for operation of fast photo-multipliers in scintillation detection systems ... ..	465
Cavities : Jet formation by explosives with lined trumpet cavities ... ..	553	CHAUDHURY, CHANDRASHEKHAR PRASAD : Application of correlation techniques in the search for irregularities of the F2-region ...	728
Cavity radius of molecules in liquid state ...	456	CHAUDHRY, A. K. <i>see</i> Baruah, G. D. ... ..	137
Cerium : Thermal expansion of the oxides of cerium, praseodymium & erbium by X-ray diffraction method ... ..	599	CHAUDHURI, A. K. <i>see</i> Mitra, G. B. ... ..	119
Cesium : Lattice vibrations of cesium based on Toya's electron-phonon interactions ...	205	CHAUDHURI, K. D. <i>see</i> Mukerjee, A. K. ...	307
		Chemical binding : Molecular polarizabilities of some polyatomic molecules using $\delta$ -function model of chemical binding ... ..	329
		Chemisorption energy : Photo-induced chemisorption energy for one & two adatoms	577
		CHIRANJIVI, T. : Grüneisen-constant at absolute zero for alkali halides ... ..	167
		$\alpha$ -Chitins : Studies on the structure & conformation of chitins : Part I—Mathematics of rigid body refinement procedure as applied to the structure of $\alpha$ -chitin ...	501

<i>p</i> -Chloranil : Electronic conduction mechanism in organic molecular crystals : <i>p</i> -Benzoquinone & <i>p</i> -chloranil ...	263
Chloro alcohols : Dielectric properties of chloro alcohols ...	526
6-Chloro-1-hexanol : Study of dielectric properties of 6-chloro-1-hexanol ...	207
Chloroform solution : Hydrogen bonding of aminopyridines in chloroform solution ...	867
$\beta$ -Chloronaphthalene : Vibrational spectra of $\alpha$ -bromo- & $\beta$ -chloronaphthalene molecules ...	885
Chlorostyrene : Electronic absorption spectrum of <i>p</i> -chlorostyrene in vapour state ...	239
Spectroscopic studies of halogenated styrenes : Part II—Vibrational assignment of the infrared spectra of <i>o</i> -, <i>m</i> -, & <i>p</i> -chlorostyrenes ...	55
CHOPRA, K. N. : Method of measuring the modulation transfer function of photographic emulsions by analysing the images of triangular wave objects ...	787
Classical impulse approximation : On the velocity distribution of the bound electron in the classical impulse approximation of binary encounter theory ...	185
Cleavage planes : Domains in KNbO <sub>3</sub> single crystals from pseudocubic (001) cleavage planes ...	29
Cloud : Time-variation of the return-stroke current in the cloud-to-ground lightning discharges ...	556
Co-axial line : Continuously tunable Gunn oscillator using a co-axial line resonant circuit ...	348
Measurement of complex permittivity of liquids at ultra high frequency using a coaxial line ...	523
Cobalt : Isotope effect for the diffusion of cobalt in copper ...	512
Coherent illumination : Imaging characteristics of a heavily defocused optical system in partially space coherent illumination ...	893
Coherent periodic phase objects : Detection of minimum path difference of partially coherent periodic phase objects in ordinary microscopy ...	580
Coincidence studies : Ge (Li)-Ge (Li) coincidence studies in <sup>147</sup> Pm ...	733
Collision broadening of C <sub>2</sub> H <sub>4</sub> O lines : Part III—Broadened by a quadrupolar molecule CO <sub>2</sub> ...	822
Collocation method : Torsional vibration of pre-twisted tapered cantilever beams treated by collocation method ...	459
Colour centres in impurity-doped mixed alkali halide crystals ...	313
Compensation of X-ray intensity : On the compensation of X-ray intensity ...	655
Complexes : Electronic energy levels of some Pr <sup>3+</sup> complexes in state of solution ...	830
Computation errors & consequent small alterations in a few term-energies of nickel & vanadous trigonal bipyramidal complexes ...	179
Conduction mechanism in sugarcane wax subjected to high electric fields & different temperatures ...	360
Conductivity : Microwave conductivity & permittivity in germanium, silicon & gallium arsenide ...	740
Study of conductivity of a cylindrical sample by an rf induction method ...	698
Control systems : Some transient features of fourth-order control systems : Part I—Conditions for events with 3-state variables being simultaneously zero ...	445
Conversion efficiency : Relation between curve power factor & conversion efficiency of a silicon solar cell ...	558
Copper : Debye characteristic temperatures of thin films of copper & silver ...	119
Isotope effect for the diffusion of cobalt in copper ...	512
Shift of K-absorption edge of copper in some complexes involving sulphur ligands ...	61
Copper complexes : ESR & optical absorption studies on some copper complexes in solutions ...	103
Copper (II) perchlorate : ESR studies on tris-octamethylphosphoramidate-complex of copper (II) perchlorate ...	633
Coriolis coupling coefficients of ethylene oxide-ethylene sulphide ...	754
Coriolis coupling constants : Generalized mean-square amplitudes of vibration & Coriolis coupling constants of some triatomic systems ...	12
Orbital valence force field constants & Coriolis coupling constants of some XY <sub>4</sub> type ions ...	751
Correlation techniques : Application of correlation techniques in the search for irregularities on the F <sub>2</sub> -region ...	728
Correlational variance functions : Study of different correlational variance functions in antenna tolerance theory : Part I—Expression for average gain function & power pattern ...	648
Cosmic ray showers : Dependence of scintillation counting rate of cosmic ray air showers at sea level on scintillator area ...	326
Counting rate : Dependence of scintillation counting rate of cosmic ray air showers at sea level on scintillator area ...	326
Coupling constant G <sub>v</sub> : Determination of half-life of <sup>141</sup> O & value of beta decay coupling constant G <sub>v</sub> ...	289
Creeping film phenomenon : Theory of the the creeping film phenomenon in liquid <sup>4</sup> He ...	765
Critical region : Ultrasonic absorption near the critical region in nitrobenzene- <i>n</i> -nonane ...	759
Cross-sections : Calculated cross-sections for the <sup>141</sup> Pr ( $\gamma$ , $\pi$ - <i>n</i> ) <sup>140</sup> Nd & <sup>141</sup> Pr ( $\gamma$ , $\pi$ -2 <i>n</i> ) <sup>139</sup> Nd reactions ...	77
Dependence of ( <i>n</i> , $\alpha$ ) cross-sections on the symmetry parameter ...	197
Crystals : Discrepancy factors for crystals with two heavy atoms ...	672
Helical dislocations in molybdenite crystals ...	816
Low frequency dielectric studies in KNbO <sub>3</sub> single crystals ...	839
New growth form of silicon micro crystals grown from solution ...	317

Twyman-Green interferometer : Optimization of performance of Twyman-Green interferometer ...	548	VENKATA CHALAPATHI, V. <i>see</i> VENKATA RAMIAH, K. ...	753
TYAGI, R. N. <i>see</i> Srivastava, B. N. ...	89	VENKATA RAMIAH, K. : Mean square amplitudes & mean amplitudes for in-plane vibrations of various linkages in tertiary amides and thioamides ...	753
U		VENKATA SESHIAH, V. <i>see</i> Gopala Rao, R.V. ...	449
U-resistances : Ziman limit on the three-phonon U-resistances ...	750	VENKATARAMAN, BALU <i>see</i> Prabhananda, B. S. ...	365
UBFF constants : OVFF constants & UBFF constants for tetrahalides of group IV elements ...	590	VENKATESWARA RAO, P. <i>see</i> Krishnamurty, Bh. ...	19
Ultra high frequency : Measurement of complex permittivity of liquids at ultra high frequency using a coaxial line ...	523	VENKATESWARLU, K. : Coriolis coupling coefficients of ethylene oxide, ethylene oxide- $d_4$ & ethylene sulphide ...	754
Ultrasonic absorption near the critical region in nitrobenzene- <i>n</i> -nonane ...	759	VERMA, B. S. : Calculation & verification of temperature coefficient of resistance of thin epitaxial films of silver ...	117
Ultrasonic beam : Edge effect of ultrasonic beam in liquid ...	758	Longitudinal & transverse strain coefficients of resistance for very thin films ...	41
Ultrasonic study of molecular association in heavy water-dioxane system ...	405	VERMA, G. S. <i>see</i> Srivastava, G. P. ...	750
Ultrasonic study of volume viscosity & structure of binary mixtures of water & heavy water ...	742	VERMA, J. K. D. <i>see</i> Agarwal, M. D. ...	838
Ultrasonic velocity : Temperature variation of ultrasonic velocity in ethyl esters of some carboxylic acids ...	314	VERMA, J. S. <i>see</i> Dhani Ram ...	716
Ultraviolet absorption spectrum : Near ultraviolet absorption spectrum of benzylamine ...	321	<i>see</i> Sharma, S. C. ...	335,641
V		<i>see</i> Vasisht Sharma ...	619,721
$\text{VO}^{2+}$ : Electron spin resonance of $\text{VO}^{2+}$ in $(\text{NH}_4)_2\text{SO}_4$ ...	174	VERMA, V. N. <i>see</i> Rai, S. N. ...	590
VAGHARI, D. J. : Effect of temperature on the delineation of dislocations in bismuth ...	84	VETURY, Ramakrishna Rao : Tables for ellipsometric calculations ...	844
VAIDYAN, V. K. : Potential energy curves & <i>r</i> -centroids of $\text{CaF}$ ...	709		931
VAISHAMPAYAN, NANDINI : Micro disc patterns on selenium single crystals ...	171

<i>see</i> Satyanarayana, M. ... ..	844	VISWESWAR, T. <i>see</i> Krishnamurty, Bh. ...	19
Vibration : Generalized mean-square-ampli- tudes of vibration & Coriolis coupling constants of some triatomic systems ...	12	VOHRA, (Miss) K. <i>see</i> Shukla, P. K. ...	508
Mean square amplitudes & mean ampli- tudes for the in-plane vibrations of various linkages in tertiary amides & thioamides ... ..	753	Voltage-controlled device : A new voltage- controlled negative resistance solid state device ... ..	896
Normal vibrations of tantalum octafluo- ride ion ... ..	864		
Normal vibrations of vinyl isocyanide ...	74	W	
Nature of isotopic shifts of the electro- nic origins & ring vibrations in aromatic molecules ... ..	75	AHEED KHAN, M. A. : Detection of mini- mum path difference of partially coherent periodic phase objects in ordinary micro- scopy ... ..	580
Vibrational energy levels : Linear extrapola- tion of the vibrational energy levels of ionic molecules ... ..	476	WALUNJKAR <i>see</i> ZOPE, J. K. ...	231
Vibrational modes : Longitudinal vibrational modes & the activation energy of self-diffu- sion ... ..	202	Water : Ultrasonic study of volume viscosity & structure of binary mixtures of water & heavy water ... ..	742
Vibrational spectra of acenaphthylene, acena- phthene- $h_{10}$ & acenaphthene- $d_{10}$ ...	137	Wavefunctions, Lande & spin-orbit splitting co-efficients for certain $Ni^{2+}$ -complexes of benzene 1, 3- & 1, 4-diamines ...	497
Vibrational spectra of <i>o</i> -, <i>m</i> - & <i>p</i> - aminobenzaldehydes ... ..	50	Waveguides : Characteristics of waveguides filled with lossy warm plasma ...	404
Vibrational spectra of 2,6, dichloro- aniline ... ..	637	Effect of metallic discs over a surface waveguide (circular rod) on the transmission of axial cylindrical surface waves ... ..	343
Vibrational spectra of $\alpha$ -bromo- & $\beta$ -chloro- naphthalene molecules ... ..	885	Wax : Conduction mechanism in sugarcane wax subjected to high electric fields & different temperatures ...	360
Vibrational temperature : Variation of the electronic transition moment with internuc- lear distance & effective vibrational tempe- rature in $B^2\Sigma - X^2\Sigma$ systems of YO molecule ... ..	87	Window materials : Some new window mate- rials for the near infrared region ...	177
Vibrational transition probability : True potential energy curves, vibrational transi- tion probability & <i>r</i> -centroids for diatomic AgAl molecule ... ..	463		
VICTOR, VEPAGUNTA JAYA : Thermocapillary flow in a thin liquid layer spread on a solid surface ... ..	452	X	
VIDYA RAM : Rf conductivity of plasma in the presence of magnetic field by frequency shift measurements ... ..	850	$XY_2$ type molecules : Excited state force constants of some linear & bent $XY_2$ mole- cules ... ..	853
VIJAYALAXMI, M. V. : Performance evaluation of thin film multilayer systems using elec- tronic digital computer ... ..	43	$XY_4$ planar systems : Molecular kinetic con- stants—Application to $XY_4$ planar systems...	493
VIKRAM SINGH : The <i>g</i> -factor of the 91 keV state in $^{147}Pm$ ... ..	23	$XY_4$ type ions : Orbital valence force field constants & Coriolis coupling constants of some $XY_4$ type ions ... ..	751
Vinyl isocyanide : Normal vibrations of vinyl isocyanide ... ..	74	$XY_5$ molecular model : Mean amplitudes of vibration & molecular polarizabilities for trigonal bipyramidal $XY_5$ molecular model	283
VIRENDRA SINGH <i>see</i> Dey, K. K. ... ..	374	$X_2Y_6$ type molecules : Molecular force fields for some $X_2Y_6$ type molecules ... ..	858
Virial coefficients : Self-consistent approxima- tion & the fourth virial coefficients for Lennard-Jones 6-12 potential ... ..	10	X-rays : A simple spectrometer for measur- ing X-ray integrated intensities ...	747
Viscosity : Effect of frequency dependence of viscosity on dielectric relaxation in liquids	696	Effect of many body interaction on the thermal scattering of X-rays ...	398
Grain boundary viscosity in neutron- irradiated aluminium ... ..	468	Thermal expansion of the oxides of cerium, praseodymium & erbium by X-ray diffraction method ...	599
Ultrasonic study of volume viscosity & structure of binary mixtures of water & heavy water ... ..	742	On the compensation of X-ray intensity...	655
Viscosity parameters : Dielectric relaxation & viscosity parameters of substituted quinolines in microwave region ... ..	530	X-ray investigations of naphthalene thermoelectrets ... ..	226
Viscous systems : NMR study of the effect of free radicals & paramagnetic ions on rela- xation times in viscous systems ... ..	293	Small angle X-ray scattering from poly- ethylene before & after irradiation ...	657
		X-ray study of some 2,3 dihydro-2, 4-be- noxazepin-5 (4H)-ones ... ..	85
		Xylenols : Infrared spectra of 2,3-, 2,5- 2,6-, 3,4- & 3,5-xylenols ... ..	489
